

Cerner Certification List

List of Kyocera's devices tested and certified

KDA | November 2020 | New Jersey

Select Kyocera MFPs and Printers have completed evaluation and are now part of the "Cerner Peripheral List" used by Cerner to counsel clients when purchasing printing devices. In order to become Cerner certified, printing devices must pass a series of rigorous evaluations while operating under Cerner's Millennium application environment – a single platform that allows health professionals to run tests, make diagnoses, place orders, fill medications, document patient-care proceedings or remit bills. Cerner has certified and pre-approved the following models:
